**Comment:** I can't believe a development of this sheer scale is being put forward for approval as it represents at least another 300 cars in the immediate area therefore adding to the already existing heavy traffic and pollution issues. Also the size, height and ugliness of the proposed buildings within a conservation area in such close proximity to a historic royal palace! The community character of Hampton Court Village will be destroyed with all those extra people looking for somewhere to mill around. Bridge Road is nicely busy now but the addition of 1000s of extra residents and hotel guests will flood the small quaint Bridge Road Shop/cafe/restaurant area where the pavements are overcrowded at weekends already. The Mitre Hotel as always been perfectly adequate to accommodate any overnighting palace visitors, plus most just travel down from London as day visitors anyhow, that's what the station is for!
