Comment: It is patently obvious that this overkill huge building plan submitted is too large for the area. The infrastructure in this area simply will not cope with the traffic over Hampton Court and Walton Bridges and the congestion, which will adversely affect West and East Molesey and Walton, running back to the other side of the river. Together with Apps Farm development and potentially The Cambridge Nursing Home redevelopment the area will be gridlocked. Hampton Court is a renowned tourist area of beauty and this Jolly Boatman development is a blight, being a colossal unattractive building totally out of keeping with the buildings on the other side of the road. This should not be allowed in this very old and precious area. I feel the Council is giving away so much purely for financial gains for the Council in rates and taxes.
