**Comment type:** You object to the planning application

**Date of comment:** 19 Mar 2019

**Comment:** I object to the above application for the following reasons:

The height and density of the development would overwhelm its environs and harm the views to and from the Palace.

Parking allocation is inadequate for the development and station.

This development would generate even more traffic in an area that is already heavily congested and polluted.

The number of affordable units proposed is lower than Elmbridge Borough Council policy.
