Comment: Whilst I appreciate that Alexpo are attempting to address some issues in their various amendments they have done nothing to address the fundamental issue that the proposed development is too large, too dense and out of keeping with the area. I will not repeat previous arguments except to say that any benefits to the borough from the current plans would be far outweighed by the damage caused with the destruction of the unique historical environment. This area is part of our cultural heritage and deserves protection for current and future generations.
