Comment: I strongly object to this planning application. It beggars belief that something so hideous and out of keeping with the area should even be considered in a place of such historic significance. There is no need for a hotel in the area (local hotels have already closed in this area) and the parking provided is not, in any case, enough. Such a development will also have a horrendous impact on the surrounding areas. Hampton Court Way already struggles to cope with the existing traffic and regularly clogs up mornings and evenings as far back as Hinchley Wood and beyond. This development will make that situation infinitely worse, with all the resultant air pollution that entails worsening the health of ourselves and our children. The development only has 12% of the units set apart for affordable housing, so does not help with local housing issues.
