Subject: RE: Support for Hampton Square at Hampton Court station (planning ref. 2018/3810)

Dear Siobhan,

Thanks for supporting the plans for a new public square, a refurbished Hampton Court station, new homes, a food store and jobs for East Molesey.

Today, 21 March 2019, is the final day for support to be sent to Elmbridge Council.

For your support letter to [count](#), you need to do one final thing:

You need to forward this email on to tplan@elmbridge.gov.uk at Elmbridge Council, along with your letter attached to this email.

Reply to this email if you have any questions.

Kind regards,
Michelle Angert

Q1 Select reasons for support. (You can select as many as you like)

In place of the eyesore hoardings at the station, there will be a major new public square, befitting the international reputation of the Palace

The traffic outside this site is a nightmare, which will be made better by a significant investment in the road network, replacing the traffic gyratory with a simplified road network and traffic lights next to the bridge

It will be good to go to a small foodstore outside the station, and the station itself needs to be modernised and refurbished

I am pleased the developers have reduced the time of the construction by 14 months, with the use of a temporary car park on Cigarette Island, and I am pleased they are using recycled plastic matting to reduce damage to the park itself

With almost no development on the Jolly Boatman site, there's a massive reduction in density and development on that part of the site; and overall the density of this scheme is comparable with the approved scheme

I understand why the developer needed to raise the height of the homes, albeit by just 5 foot 10 inches, to ensure the maximum possible space for the public square and a good visual link to Cigarette Park

The developer will pay over £2 million to improve infrastructure in the wider area

This is a first class traditional design, by architects Allies and Morrison. It will have a beneficial effect on the character and appearance of the conservation area

Support for public square at Hampton Court Station, and development at the station site

as a whole

,

I am pleased that transport experts have said there will be unused parking places in the car park at all times on a normal day, and even if typical local car parking controls are brought in

,

It's good that the homes will have more car parking permits available to them than the previously approved scheme gave them

,

A short free parking period in the new car park will be a good thing for local people

,

The extra 180 cycle spaces is a necessity, and it's good the cycleway will be extended to the station

,

Anywhere between 50 and 125 full time jobs will come from this development

,

It's always good to say why you support in your own words, so have a go below:

I have lived in this area for 10 years - in that time I have heard nothing except objections to the development of this site. In the meantime it remains an eyesore. This town is full of anti-progress individuals. For once let those that want improvements into the future have their say.

Q2 Your details (you must include your first and last names, and your full address for it to be registered by the council)

Name	SIOBHAN TAYLOR
Address	76 BUCKINGHAM GARDENS
Town	WEST MOLESEY
Post Code	KT8 1TJ
Email Address	
Phone Number	

Q3 And finally, to check you're happy...

Please tick this box to confirm you are over 16 and are happy for the above information to be held by Your Shout and passed onto Elmbridge Borough Council in support of the Planning Application (number 2018/3810) from Network Rail Infrastructure Ltd and Alexpo Ltd. By volunteering this information you are giving your consent for us to process your data regarding the project. *You can withdraw consent for us to use your data at any time by emailing us at privacy@yourshout.com. You have a right to complain to the Information Commissioner's Office at any time if you feel there is a problem with the way we are handling your data
