Comment: The proposed development is too large, does not provide sufficient affordable housing and the local infrastructure simply cannot support such a large development.

The traffic jam on Hampton Court Way routinely stretches back to the Scilly Isles on weekdays and the whole area is gridlocked whenever roadworks take place or during events such as the Hampton Court Palace flower show.

The proposed road changes in the application will do nothing to address this.

Adding such a large development which will increase traffic issues is detrimental to the both the local environment and the health of residents and visitors.
