

**Our reference:** COM120274251

**Application number:** 2019/1219

**Application address:** Bridge Road (southwest of junction with Arnison Road) East Molesey  
Surrey KT8 9HY

**Name:** Ms Taylor

**Address:** 4 St Johns Road, East Molesey, Surrey, KT8 9JH

**Comment type:** You object to the planning application

**Date of comment:** 22 May 2019

**Comment:** I am appalled that this application has been submitted in an area densely populated and very close to The Orchard infant/junior school. The case for whether electronic magnetic fields from masts cause cancer is still very much in discussion-indeed Cancer Research say:' We still need to know more about any potential long-term effects.' However, many are convinced that the steep rise in cancer rates are partly attributable to masts. There should be a full public discussion before any decision is reached, with further research carried out. I'm sure the board of EE will not be having a mast situated near to their homes and families, as they will be aware of the potential (and grave) health risks. This mast positioning must be moved to an area away from residential areas.
