**Application number:** 2019/1219

**Application address:** Bridge Road (southwest of junction with Arnison Road) East Molesey  
Surrey KT8 9HY

**Name:** Mr Maxted

**Address:** 17 Arnison Road, East Molesey, Surrey, KT8 9JF

**Comment type:** You object to the planning application

**Date of comment:** 23 May 2019

**Comment:** I strongly object to the plan to erect a telecommunications mast at the end of Arnison Road at the junction with Bridge Road.

I am disappointed that this development was not brought to my attention by Elmbridge Council. I only heard about this from a neighbour and but for this we would have been completely unaware of this proposed development which is located so close to my house.

The proposed structure will be a huge eye sore which will have a detrimental affect on the neighbourhood. Arnison Road is a conservation area and it is unbelievable that such a structure would be allowed to be put on the border of this area and opposite Kingfisher Court which is a listed building.

There is strong evidence to support the fact that there are harmful effects to people who live too close to these telecommunications masts and therefore positioning this structure so close to high density housing is very irresponsible.

I cannot believe this is the only possible site in the area where this structure can be built. The council should therefore reject the application and advise EE Ltd to seek alternative locations in the area which are less populated and where the visual impact will be less significant.
