

Our reference: COM120766430

Application number: 2019/1219

Application address: Bridge Road (southwest of junction with Arnison Road) East Molesey
Surrey KT8 9HY

Name: Mrs Sowry

Address: 3 First Avenue, Walton-On-Thames, Surrey, KT12 2HL

Comment type: You object to the planning application

Date of comment: 24 May 2019

Comment: As a regular visitor to Hampton Court and an Elmbridge resident, I strongly object to this application. The plans confirm the size of the "monopole" and infrastructure and this would be an eyesore in this residential area on Bridge Road. I am sure that alternative sites can be found which are less intrusive for the local residents.

I understand that the existing site is on commercial property and not directly overlooking residential property. I also understand that the existing landowners have a proposal for a new development as per the link below:

<https://www.hamptoncourtestatedevelopment.co.uk/>

If they want to redevelop the site as indicated, I would urge EBC to either insist that they incorporate the existing telecommunications infrastructure on this site or at the very least not let this new proposed development push unsightly infrastructure onto existing residents, which would create a lot of animosity. There appears to be a large monopole very close to the existing site already (newly built) so I assume that further infrastructure can be accommodated nearby.

I am unconvinced that there has been enough evidence presented in the application to demonstrate why infrastructure cannot be situated which would not affect the townscape and local residents.
