Comment type: You object to the planning application

Date of comment: 26 May 2019

Comment: I disagree with this application on the grounds of the logistics of it being erected in an area densely populated and very close to The Orchard School.

The case for whether electronic magnetic fields from masts causes cancer is still very much in discussion and may contribute to the rise in cancer so it is inappropriately placed.

This mast should be positioned within an area away from residential properties and densely populated places of historical interest
