Comment: This will be a most dangerous and a hazard to our health, it is far to close to school and families.

Not only is it ugly and will effect the property prices in this area and ruin the natural settings.

I head that this is a replacement but it has been position at in a closer location, the other previously has been sensibly put in a far away location.

I am extremely concerned about people health and you should take this into GREAT consideration.

We wish to not damage the beauty of the surrounding nature of the town.

Please DO NOT DO THIS! For the present and FUTURE! WE ARE HUMAN and we must look after nature and our people.
