Comment: I object to this application because the development is far too big for the area. The building overshadows surrounding shops, houses and flats and is especially intrusive to the royal palace opposite. The design is ugly and not in keeping with the historic nature of the area or sympathetic to the views that make Hampton Court such a lovely place to live. There are too many units and not enough parking spaces. The area is already very busy and parking is a huge problem. This will only add to traffic on a congested bridge and local roads, affecting air quality. I have concerns too about the flood risk. I believe a much reduced, smaller development would be acceptable.
