**Date of comment:** 25 Apr 2021

**Comment:** Building itself: out of character for an area with so much history

Environment: will make busy cycle path unsafe if entrances are road facing. Cycle path already needs widening. This will discourage cyclists and increase car use. Not enough care given to preserve trees and hedges, important for the wildlife by the river and the nearby nature reserve. Not enough outdoor space created for the residents

Impact on local area: The road is incredibly busy in the morning and evening, these extra homes would massively increase the burden. Doctors, schools, clubs already oversubscribed. Where's the provision for this huge expansion?

Why not build 24 2-bed maisonettes with gardens, similar to Speer Road? Affordable quality housing with less impact on the local area and still profitable
