Name: Mr Scillitoe

Address: 22 Merton Way, West Molesey, Surrey, KT8 1PQ

Comment type: You object to the planning application

Date of comment: 25 Apr 2021

Comment: The Buildings on Hampton Court Way part of the development are too high and will Urbanise that area and create a wind tunnel. Plus they look like something from the Stalin's Era.

The traffic onto Hampton Court Road from the properties will just add to the load on the local network. There is a need for traffic lights, that will cause nuisances and delay outside of Rush Hour. The junction works at the moment, even at busy times. People figure out how to get across with the pedestrian crossing turning Red. After the rush hour the junction works well. Maybe the lights should just be peak-time. Why should drivers have to wait and pollute whilst waiting for lights to go through their cycle in the middle of the night.

Finally, where are the extra services coming from such as schools, doctors and dentist. Where is the planning gain. Add in a NHS Doctors and Dentist, into the scheme.
