Comment: Once again, it is incredible to see that developers have created a proposal which is so out of keeping with the beauty of Molesey's riverside. This monstrosity would be visible from miles down the river and detracts from the local beauty and history. Furthermore, the wildlife that it would destroy in Cigarette Island Park is inconceivable. Surely it also cannot have escaped the councils attention that this proposal would significantly increase the traffic in this area on an already over busy road and add to the air pollution which is created on a daily basis due to sheer weight of traffic. The beauty of this stretch of river draws numerous tourists and travellers from England and overseas, this proposed development is an abomination that would dominate the skyline altering natural beauty, historical value, and local well being.
