Comment: It seems that this planning application just won't go away despite the massive number of objections which have already been submitted. How many ways are there to say that the proposed development is simply too big, too ugly and too dense. It will loom over the existing station building and dominate the riverside view from Hampton Court Palace. In addition it will create traffic chaos on the Hampton Court Way and Hampton Court bridge, exacerbating an already hugely congested and polluted area. East Molesey residents will struggle to get in or out of the area if this development goes ahead. Please think again!
