Comment: I am very concerned that the proposed development will negatively impact the area in multiple ways including visual impairment, over development creating density of living in a cul de sac location. The area is already very congested with traffic and the river is already polluted and cannot cope with this many more residents.

I believe the height is overbearing and will overlook existing residents properties. In addition there cannot fail to be a negative impact on the wildlife.

Many thanks for reconsidering this application.

Kind regards

Marianne
