**Comment:** Dear Planning,

It's now the 19th December and I have not received any official notification of this proposal from Elmbridge Planning.

Appreciate there are postal strikes but for those households who do not have access to the internet, the closing date for comments should be pushed back into mid January to allow for these delays.

Would be very grateful if members of planning could visit homes backing onto this proposal to see the impact with their own eyes of how homes and gardens will lose their privacy. We understand members of planning will visit the site in the next few weeks so please come and knock on doors of Ember Farm Way and see how this proposal will affect privacy.
