Comment: Firstly, I received the letter from the local authority about this today, 22 December (it is dated 2 December) and sets a deadline for comments of 26 December, Boxing Day, when many people will be away for Xmas over the coming days. On this basis I must question the soundness of this whole process.

Secondly, it seems clear that the proposed development would add significantly to the already problematic access route for traffic along Orchard Lane, where parked cars often mean it is single file only. Parking is another issue for the proposed new development, as well as the general aesthetic of the area which would be impacted negatively by such a development.
