Comment: I am fully supporting of this development for numerous reasons; firstly being that Elmbridge desperately needs housing. There is a lack of housing available for young families especially and many unobtainable for first time buyers. The close proximity to the river and areas to walk will also be very appealing to young families. The parking is invaluable, especially with forward thinking electric charging points. Being so close to both Walton and Weybridge, the development will bring around business for the local shops which is needed particularly in Walton. It is close to connecting main roads which is massively appealing for commuter and fits in well in the location.
