Comment: It is ludicrous to develop the two houses into 27 apartments. Already building 51 apartments next door and now applying to build 33 more apartments on this site which means there will be 111 residences where there were previously 11, do the council not realise what traffic problems this is going to cause. There is enough traffic at busy times as it is, but to add to it further could mean traffic jams along most of Oatlands Drive. This is extremely unfair to those residents who have lived in the surrounding area for many years and pay enough in council tax although they do not always receive the services they should. Does one assume this application will be processed so that the council will receive more income but give less back to the residents in many ways. Absolutely disgusting - who is gaining from this - certainly not any residents - it is very very suspect and should NOT be allowed
