Comment: The character of Oatlands Drive is being destroyed by developers being permitted to demolish individual houses and gardens, replacing these with apartments, 33 apartments replacing two houses in this application. This top end of Oatlands Drive feeds onto the excessively busy intersection with New Zealand Avenue, Bridge Street and Walton Bridge. How much more traffic can these roads take? Have the local amenities been factored into the proposed build? Twenty-seven apartments versus three households' volume of discharge of wastewater and sewage needs to be accommodated or is the plan to discharge any excess into the River Thames? The social and environmental consequences of yet more overcrowding at Weybridge and Walton-on-Thames need to be uppermost in the Planning and Sub-Committee minds. The same comments apply for Application 2022/2118. The two plans together can have a devastating impact on this area.
