**Comment:** I'm not alone in thinking what a diabolical situation the local residents have been placed in because of all these Planning Applications, 3 in total, one after the other, right next to each other along Oatlands Drive approaching an extremely busy junction at Walton Bridge which have all been submitted by the same Developer. Total destruction of decent detached family homes being turned into faceless blocks of concrete cramming in as many so called apartments as they possibly can without the services which would be needed to cope with this dire situation. If approved this would cause even more pollution due to the vast amount of vehicles which already continually sit and block Oatlands Drive and surrounding areas, cause even more disrepair to the roads, lack of fundamental services to existing residents and loss of habitat for any wildlife. I'd love to know if the Developers would actually live in any of their developments or if they live in nice detached homes somewhere safe which hasn't been sullied by overdevelopment - yet. Three Applications 2022/0691, 2022/2118 and 2022/3796. DISGRACEFUL.
