**Comment:** Highways need to take responsibility for not extending Walton Bridge and where are these cars meant to go when the extra 300 cars reach Walton Bridge Traffic Lights? Replacing at best 16 cars with 222 (2 per home) + 500 more additional weekly journeys if you have a delivery, a takeaway or visitors or cleaners a week, you are easily looking at another 300 cars per day on this road. Where are they meant to go, highways what are you doing about the infrastructure for this?
