**Comment:** Densification at this end of Oatlands Drive is excessive and the junction and parking facilities, which are currently over capacity during peak hours, will be further polluted with vehicles attending these proposed developments. Oatlands Drive bears witness to many vehicles driving at excessive speed and without traffic calming this will increase the risk to pedestrians and cyclists. The medical services, to name but one, in Weybridge and Walton on Thames are under severe strain and need urgent attention before further residents are attracted into the area.
