Comment type: You object to the planning application

Date of comment: 26 Feb 2023

Comment: 1. traffic or associated pollution concerns - The junction is already gridlocked for long periods of each day and this development (both in construction and thereafter) will only worsen an already bad problem.

2. Regular residents have been denied to update / extend their own properties in Elmbridge without any reason or rhyme but a massive development of 55 apartments and now another 27 and 33 apartments are allowed despite an enormous amount of true and justified objections. What is the council's objective here?

3. The look of the road - it should not ever be allowed to change 8 detached houses into 111 apartments as it negatively changes the look and feel of the road

4. I do realise it actually has no point objecting as the planning inspector will permit it on appeal as was done with the 51 apartments
