**Comment:** The flats will bring much needed diversity and vibrancy to the area, and overall be a great addition to the local area.

The construction will also offer opportunities for local employment and growth, with Elmbridge Council ensuring that the works are carried out effectively and safely in accordance with all current health and safety regulations.

These new flats will help provide much needed housing in the area, which is so important with the current crisis— along with a boost in the local economy.

I believe that the development of these new flats will be an asset to Elmbridge and its people, and urge the council to take this opportunity to make Elmbridge even better.

Sincerely,

Ryan price
