Applications 2022/2118 & 2022/3796

I would like to strongly object to the above planning applications.

In addition to considering the first application in isolation, I would also wish to object on the basis that the developer is submitting a series of smaller applications along the street (4-6 / 8-14 / 16-18 Oatlands Drive) that will in combination add to around 120 flats thus replacing 8 family homes.

This in itself is drastically out of character with the residential neighbourhood and will result in changing the look and density of the street, and have detrimental consequences on traffic safety and overspill parking into Ashley Close

I respectfully request that you remain consistent with your rejection to this application, re. your rejection of the original application for 8-14 Oatlands Drive. We believe that had these applications been submitted as one larger combined application, then the public outcry would have been much greater and the government inspector would, most likely, have upheld your rejection decision instead of favouring the developer.

Yours sincerely,

Eleanor Peet (Mrs.)
