

Memorandum

To: Senior Planning Officer

Date: 10th March 2023

2022/3796 - 16 Oatlands Drive, Weybridge, KT13 9JL

Further to recent correspondence from the Joint Waste Solutions, as you will appreciate the construction makeup of the internal roads has yet to be designed but when they are they will be suitable for 26t vehicles and any manhole covers in the road will be heavy duty suitable for HGV's.

The roads are 4.1m wide and have been designed to allow refuse vehicles to enter and access bin stores easily. The road has been designed to allow refuse vehicles to enter in a forward gear and a turning area has been provided to allow lorry to turn and leave in forward gear. The swept turning path of the refuse lorry is indicated on drawing 221584/TR/01 enclosed.

16-18 Oatlands Drive
Weybridge
Proposed Swept Pat
Large 11.2m Long Refuse Vehicle
