**Comment:** As a local resident I fully support this application for three padel courts.

Padel is the fastest growing racket sport in the world and therefore an essential addition to the long term future of St George's Hill Tennis Club. It is an inclusive sport for all age groups, easy to learn to play and so perfect for the whole family to enjoy.

The proposed development has been sensitively designed and carefully situated to ensure there is no loss of amenity to neighbouring properties. The extensive Noise Report submitted with the application concludes on pages 19 - 21 that "it is not anticipated to result in any adverse noise impact on local residents, even if all three courts are in use simultaneously".

The proposed padel courts are very low maintenance and will be replacing a grass tennis court which requires high maintenance using heavy, loud machinery.
