Comment: Padel is fast growing and encourages people of all ages to play racket sports .

Having a house in East Road , very close to St Georges Tennis club , and having read the very detailed report by Hepworth Acoustics , I am completely comfortable with this proposal . The courts will be well screened , not only with trees , but with an acoustic enclosure and canopy , and are not anticipated to have any adverse noise impact .

There will be no significant change in traffic to and from the club , and no significant change in light impact compared to existing club and court usage .

St George's Hill tennis club is a premier rackets and fitness club in Elmbridge , and going ahead with this proposal would help ensure that it maintains this position .

I fully support this application.
