Comment: Strongly support this development. Creates facilities for a new fast growing recreational activity.

Prevents current club members having to join additional clubs to play this sport and given these courts are few and far between for a sport which is one of the fastest growing sports, it provides additional amenities to the area.

My understanding from studies conducted at the site is that the noise levels from lawnmowers is likely to be heard by the surrounding houses ahead of members/visitors. Playing paddle.

These facilities will also help with income generation for the Club, more people using the facilities and presumably more jobs for locals.

Fully support this development.

Thank you.
