Comment: I strongly object to the planning proposal in its current form.

I fully accept that paddle is a new and growing sport but as anyone who has played paddle before will know it is a loud sport.

The tennis club has many alternative options for including paddle. To locate the paddle courts more centrally in their 14 acre plot, indeed within the current club house, alternatively to enclose the courts.

Proposing semi open paddle courts on the boundary of homes within an otherwise quiet and peaceful residential area, with the associated light and noise pollution is my reason for a strong objection.

I note that most of the support letters are from people living several miles away, I am not sure how many would be pleased to have 3 paddle courts built at then end of their gardens. I know I would not.
