Comment: We live on an already busy road and this development would increase the traffic flow in a big way .At school times and working peoples times the traffic jams would be enormous.

Several schools are in the area and no safe crossings on this road or Ember Lane.

East Mo.esey was once a pretty village but is gradually becoming a suburb of London with ugly blocks of flats and shops being turned into bedsits and flats and making it all a not very attractive place.

With all the extra accommodation what about water supply and drainage and don't forget that we are subject to flooding in Molesey.and this building will be on the flood plane

.The building gs themselves are ugly and out of character for this area which is near the Common used by many local people and is a lovely place of peace and tranquility and would be completely spoilt by this awful site planned at present.I hope tne Council will not approve this development.Thank you.
