**Comment:** I would like to lodge my objection to the building of three padel tennis course with spectator stands.

This would have a negative impact on the people living close to these proposed new courts. Padel tennis is extremely loud when played, due to the impact on the ball in the racquet. Also 12 people would be in a small space, the size of one tennis court and the noise would be very extreme. (I have played and can verify this) The courts will be used non-stop from 7am to 10pm, seven days a week.

Light pollution will also be an issue.

The size, scale and mass of the buildings is also not acceptable.

Please consider the above factors and the lives of the people who have lived in their homes for many years
