Comment: I wish to strongly object to this revised planning application.

The resubmitted plans and proposed development are not in keeping with the existing housing in the surrounding roads, it is bulky, over scaled, unattractive, obtrusive and completely out of character.

A 4 storey commercial building so close to adjoining houses and gardens would have an adverse effect on the residential amenity of neighbours and disrupt their right to privacy.

I am concerned greatly by the impact and disruption this proposed development would have on wildlife and flora, the felling of trees would have a detrimental effect, destroying natural habitat. The River Mole and the banks along it host a myriad of birds, minx etc which rely on the fish in the stream as a food source
