**Comment:** This is not a significant amendment to the original plan and they are treating the residents and council as fools. As outlined originally, the proposed height of the development will infringe on the privacy of existing residents with their gardens overlooked. There has been no reduction in the numbers of residents which as previously stated will create havoc with local infrastructure to parking, sewers and traffic in Orchard lane that will then spread to other local roads by visitors who can't find immediate parking. PLEASE have some foresight and vision. Keep the redevelopment to the existing height and do not fob us off with moving internal furniture around...!
