Comment: Having looked at the plans and also the site on a map, I object to this development. The scale and density of the proposal is too high on an already densely packed area. The access to 74 units down Orchard Lane is not appropriate. Also the nearby roads of Ember Lane and Hampton Court Way are already not coping with traffic as all single lane. Further I do not agree with such a large development along a beautiful waterway and overbearing a much needed green space for the area.

The development is not in keeping with the area and does not consider the reality of introducing 74 households in such a tightly packed space and their needs.
