Comment: I ask Elmbridge planning to reject application 2022/3525 based upon its design, bulk and mass as being totally unsuitable for the purposed location. Parking of vehicles, be they emergency, services or private cars approaching, or for semi-permanent slots for such a development may be a hazard for walkers, cyclists and disabled people approaching the public footpath that is adjacent to the site; a footpath that leads to local shops, and a large medical surgery.
