Comment: I object to the amended application on the basis of the following. There are insufficient parking spaces allocated to the development site. The Lanmor Parking Stress study for Ashley Close does not comply with either EBC DM7 Appendix 1 or the Lambeth model standards. Already Ashley Close is subject to parking stress from commuters into Walton. Parking overflow from the proposed 16-18 Oatlands Drive and the parking overload from the committed 8-14 Oatlands Drive development will overwhelm Ashley Close. Ashley Close continues to suffer from road safety issues due to overparking. I routinely visit my parents on this road and have witnessed multiple near misses when people are coming out of their drives as people park on both sides of the road and cannot clearly see cars. Day or night the road is a single lane road due to the amount of cars parked on each side and is very unsafe.
