Comment: The planning application states that no prior prior advice been sought from the local authority about this application, but those of us who get planning application notifications saw a Pre Application Advice form. Some of us who live locally were also contacted by the developer promising a meeting before any application was made. No such meeting was actually offered. My principal objections to these plans are that they will severely impinge on the local wildlife who use the undeveloped land as an important habitat; and that there is no 'affordable' housing within the plans; that there will be a disruptive extra level of traffic in Claygate Lane which already struggles with current traffic levels.
