Comment: I object to this application because it is proposed that it will be in an area of natural woodland, and surrounded by roads containing private houses on all sides. There is only one narrow entrance, opposite a Primary and secondary school. This road, Claygate Lane, gets very busy especially during school dropping off and picking up time.

The area contains a very large number of mature trees, shrubs and a largely untouched environment for wildlife, and many of these will be removed, with subsequent danger to the natural environment and wildlife, and an increase in carbon in the atmosphere owing to the removal of such a large number of trees.. It would be disastrous if this natural environment was destroyed, with much harm to the area. There is also an increased risk of flooding .

The proposed houses and flats have no private gardens and I consider that it would be very cramped for the residents.

I strongly object to this proposal and urge the local council to turn it down.
