Comment: I believe this plan has been very poorly designed and has not taken into account the inherent character of Hinchley Wood. Nothing about our area in which we live is being respected by this proposed development - private gardens, 1930 period houses and strongly linked neighbourhoods. This plan would completely adversely transform this plot of plan into a concrete nightmare: ridding the area of vital greenery and biodiversity, significantly increasing the risk of flooding and leading to even more traffic in an already crowded road, opposite schools.

I moved to Hinchley Wood many years ago as I was attracted to the plentiful greenery, trees, beautiful housing and the strong neighbourly connections. This development would severely damage this.
