Comment: I strongly object to this planning application.

The plans would mean the loss of an established woodland area, which provides habitat for many birds, mammals and insects, at a time when biodiversity is declining rapidly in the UK. The loss of a substantial number of mature trees would increase flood risk, with water running from the new lawned buildings to neighbour properties.

The increased traffic to and from the proposed site would add to existing Claygate Lane traffic problems and safety for the many primary and secondary age children attending Hinchley Wood schools.

In addition, the construction of the site will be lengthy, again causing traffic issues with large vehicles, noise and disruption for the existing residents.

The plans do not respect the 1930's character of the area.
