**Comment:** This is a ridiculous development- Claygate lane can't cope with the amount of traffic and the increased number of cars will be a nightmare. This is destroying a key green space with established trees, habitat and mini ecosystem. Is this in line with Elmbridge's ESG strategy? I would love to understand exactly how. The roads in this area are a disgrace and there is an increasing litter problem. If the council cannot manage the area with the residents it has, it should not bite off more than it can chew.
