Comment: My father lived in no 12 from when growing up and my grandmother lived there until 2005, for over 40 yrs. The traffic in Claygate Lane has become increasingly worse over the years and it is difficult to find parking spaces. The destruction of no 12 will result in a major increase in traffic. The nature of the houses in Hinckley Wood would be significantly affected. In very wet weather, the garden used to get very saturated and this proposal will have a major effect on flood risk. The new development is not in keeping with the character of the area, which will be ruined, and the destruction of the woodland will cause detrimental environmental damage.
