Comment: Yet again the site is over bearing the houses are 3 floors the 1st house will be near on at the end of our garden putting our garden in total shadow stopping the sun coming into to the only part of the garden that actually gets any sun windows will look directly into our gardens and house meaning our bedrooms and lounge giving us no privacy at all, this is pure greed to maximise profit for the developer by cramming in so many properties not at all enough parking for the amount of properties again this will impact all the local roads which are already bad to park every property on this development will look directly into the properties that back on to it
