Application number: 2023/2889

Application address: Land Off Anyards Road and Copse Road Cobham Surrey KT11 2LH

Name: Mr Meikle

Address: 117 Portsmouth Road, Cobham, Surrey, KT11 1JN

Comment type: You object to the planning application

Date of comment: 30 Dec 2023

Comment: This planning application should without a doubt be stopped and in no way be allowed to go ahead at all. This development will create and cause very very severe problems all round to the local area on an environmental, aesthetic and logistical level for all local residents within the surrounding area. This will hugely affect traffic congestion which is very bad at the busiest times, traffic and pedestrian safety, lack of available space, increased and constant noise pollution, waste pollution and activity levels and will affect residents parking in the area at all times of the day, particularly during busy periods, and it will create huge upset and anger and frustration for all local residents in the area. This will subsequently have a knock on effect with other traffic in the local area. Also going forwards, this development will create an eyesore and not fit in with the local area, and even more significant to this the Cobham Health Centre on Portsmouth Road, which serves our local area, will most certainly not have the capacity or support structure to be able to accommodate this extra development, as local residents already currently find it incredibly difficult and near on impossible at the best of times to try and get appointments with the health centre, whether urgent or not, and this would create havoc and distress to every single local resident who lives in the area. I completely 100% object to this proposed planning permission, and the great majority, if not all, of local residents will feel exactly the same way.
