Comment: I object strongly to this planning application to place an excessive number of dwellings in an already busy and overpopulated area. Traffic turning into Anyards Road from Portsmouth Road quite often does so at speed and placing an entrance/exit road in that location is hazardous to say the least and the corner junction with Copse Road is already congested and dangerous. The area already experiences increased traffic and parking from the school which was allowed to be built there with no parking facilities and the residents of Anyards Road, Old Common Road and Northfield Road have very little off street parking.

I cannot see any way that this development would benefit the local area, only add to the traffic and parking issues already suffered here.
